

Introduction of S&S Plastics

A Complete Manufacturing Process of Injection Moulding of Thermoplastics

- Established in 1989 In Ilkeston Derbyshire
- Moved to our Kirkby in Ashfield purpose built factory in 2004
- An acquisition was made by Eurocell Plc in July 2015

The Eurocell logo consists of the word 'eurocell' in a white, lowercase, sans-serif font, centered within a red rounded rectangular background.

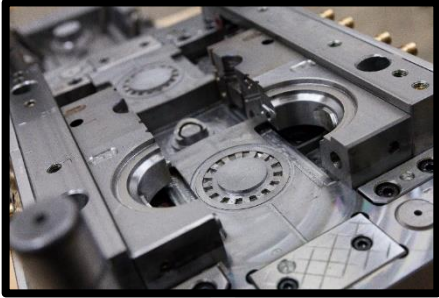

eurocell

Our Services and Capabilities

Tool Design & Manufacture

- Tool Design and Prototypes
- New Tool Manufacture
- Tool Modification
- Transfer Tooling

Injection Moulding

- 25 Moulding Machines with clamp force ranging from 6T – 550T
- Vast range of engineering polymers
- Production Department 24/5 – 3 shifts

Secondary Operations

- Sonic Welding
- Insert Moulding
- Overmoulding
- Vacuum Foiling

Our Services and Capabilities

Warehouse Distribution

- Tool Location
- Raw material and Stock control
- Underwritten Stock control
- Bar-coding with full traceability

Quality Control

- ISO 9001 / ISO 13485 QMS
- Quality Techniques : APQP, FMEA, PPAP, SPC, Capability studies
- Inspection : CMM, Shadowgraph, Manual Measurement

Industries and Sectors

- Supplying over 30 different industries, including: Electrical, Medical, Building, Logistics, Packaging and Lighting

Summary

- Recent investment and expansion
- 7 new moulding machines in 3 years
- Increased manufacturing and warehouse space to 30,000 square feet
- Ongoing training and development for all levels of staff
- Turnover increased 50% since 2019
